To Whom It May Concern:

I am writing this letter of recommendation on behalf of Mr Beau Garza. I have absolutely no doubt that this incredible teacher will work harder and smarter every day to help the Texas Orchestras Directors Association better serve its members and will work tirelessly to create and innovate toward the future of music education.

Beau Garza is one of the most caring, compassionate individuals I have ever met. He exudes a passion and love for students, music education, and other music educators that is virtually unsurpassed by others. He is honest and open and is always working to lift up those around them. He possesses the qualities of a true, genuine human and cares more about helping others than about touting his own successes. All of these qualities are something missing in too much of the modern world and would serve this organization well.

Although he would never boast to others, he is definitely a master teacher and is clearly a favorite among his students and colleagues as well. He is highly respected across the state as a teacher, judge, and clinician. I believe he is an innovative and creative educator who thinks outside the box to further the success of his students, program, feeder system, district, and beyond. With all of these characteristics, working for us, how could we go wrong by electing him to work for the whole state in the same manner.

I recommend Mr. Beau Garza, without hesitation, for the position of Member-at-Large in the Texas Orchestras Directors Association. He will be a welcome and refreshing addition to the organization and will never stop working to further the scope and success of music education in the state of Texas.

Sincerely,

Christy L. Myers
